

NASA SEWP VI Ordering Guide

Category C | ITC/AV Mission-Based Services

CONTRACT INFORMATION	PROGRAM MANAGER	DEPUTY PROGRAM MANAGER
Category C Contract Contract Number: Pending Ordering Period: Nov. 1, 2026 - Oct. 31, 2036	Bryan Schnitker bryan@bluecordopps.com 407-415-3379	Deepthi Somireddy deepthi@bluecordopps.com 703-785-6717

SEWP VI Overview

NASA's Solutions for Enterprise-Wide Procurement VI is a Government-Wide Acquisition Contract that gives federal agencies and approved contractors streamlined access to Information Technology, Communication, and Audio-Visual solutions and services. SEWP combines acquisition support, fair-opportunity competition, contract oversight, and an online marketplace to help agencies buy mission-critical technology efficiently.

BlueCord Category C Scope

BlueCord supports customized technology services at the mission and program level. Category C is intended for services-based solutions and does not include product-only requirements.

Innovation services Continuous improvement, prototyping, automation, and mission-focused innovation.	Information and data analytics Data engineering, integration, interoperability, analytics, modeling, and decision support.
Application services and software development Human-centered design, full-stack engineering, DevSecOps, testing, modernization, and sustainment.	Cybersecurity services Security integrated into solution design, delivery, testing, operations, and continuous improvement.
Cloud services Cloud engineering, migration, platform enablement, hosting support, and optimization.	Digital government and IT consulting Product management, program integration, IV&V, accessibility, change enablement, and mission delivery support.

Ordering Process

1 Define the requirement	2 Issue a request through SEWP	3 Evaluate fair-opportunity responses	4 Issue the delivery or task order	5 Route the order through the SEWP PMO

About BlueCord

BlueCord Opps LLC is an SBA-certified service-disabled veteran-owned small business. We connect complex systems and data, deliver human-centered digital products, independently validate performance, enable enterprise software, and sustain mission technology. Our size lets us respond quickly; our experience lets us respond intelligently; and our personal connection to the mission ensures that we care deeply about the outcome.

Fair Opportunity and Requests for Quotes

Ordering organizations provide SEWP contract holders a fair opportunity to compete at the individual-order level, as appropriate under FAR 16.505(b), including use of the SEWP Quote Request Tool. The issuing procurement office maintains its order-selection documentation.

- For an RFI used for market research, a contract holder may identify services or solutions not yet available on its contract only when they are clearly marked and the required technology-refreshment action is submitted.
- For an RFQ or Market Research Request, BlueCord may quote only services or solutions available under its SEWP contract and at prices no greater than the SEWP database of record.
- If BlueCord cannot provide a complete response, it will submit a no-bid unless the request expressly permits partial quotations.
- Every BlueCord quote will state how long it remains valid, and BlueCord will honor an order submitted during that period.
- Responses issued through NASA SEWP systems will follow the applicable Contract Holder User Manual requirements.

Submitting an Order

Agency procedures may vary. Purchase requests, funding documents, and delivery or task orders are prepared by the issuing agency. Orders must be routed through the NASA SEWP Program Management Office before BlueCord accepts and begins performance.

Order submission	sewporders@sewp.nasa.gov
Order fax	301-286-0317
Customer support	help@sewp.nasa.gov 301-286-1478
SEWP PMO hours	Monday-Friday 7:30 AM-6:00 PM ET

BlueCord Ordering Support

Contact BlueCord before or during the ordering process for scope review, acquisition coordination, quotation support, or questions about BlueCord services available through Category C.

Role	Program Manager	Deputy Program Manager
Name	Bryan Schnitker	Deepthi Somireddy
Contact	bryan@bluecordopps.com 407-415-3379	deepthi@bluecordopps.com 703-785-6717

Important Contract Use Requirements

- Only federal agencies and authorized federal contractors may use SEWP unless Congress separately authorizes other use.
- BlueCord will protect Government information posted to contract-holder-only systems and use it only for authorized SEWP acquisition activity.
- The SEWP database of record governs available services, labor categories, and pricing at the time of quotation.
- The ordering contracting officer remains responsible for acquisition planning, funding, fair opportunity, award, and order administration.
